

Sotravel App User Manual

1. Introduction

Hey there, welcome to Sotravel! This app is all about making your travel experiences more fun and social. Sotravel allows you to easily view and manage trips you're participating in, join events, and stay connected with your friends. One of the coolest features is the map view, where you can see your friends' locations during your trip. This user manual will walk you through all the features of the app, so let's get started!

2. Getting Started

2.1. Installation

First things first, download the Sotravel app from the Apple App Store on your iOS device and get it installed.

2.2. Registration and Login

Once you've got the app installed, you can log in using telegram. After logging in, you'll land on the Trips view, where you can see all the trips you're currently participating in.

3. Main Features

3.1. User Profile

Want to update your profile? No problem! Just tap the profile icon at the bottom right corner of the screen. From there, you can update your name, description, and social media usernames. Once you're done, don't forget to hit the "Save" button at the top right corner of the screen.

3.1.2. Viewing Other Users' Profiles

Curious about other users in your trip or event? Tap on their name or profile picture to view their profile, where you can see their name, description, and social media usernames.

3.2. Trips

3.2.1. Viewing Trips

To view the trips you're participating in, simply open the Trips view. You can join trips via the web, and once you're part of a trip, it'll show up in the app. Remember, you can't create or join trips directly in the app – that's done through the web.

3.3. Events

3.3.1. Joining and Leaving Events

Found an event you want to join within a trip? Just tap on the event in the Trip view, and then tap the "Join Event" button. If you change your mind and want to leave an event, simply tap the "Leave Event" button

within the Event view.

3.3.2. Chat Feature

Stay connected with your fellow event attendees through the chat feature. Within an event, tap on the chat icon to start chatting with others. You can send messages, share photos, and even plan meetups.

3.4. Map Feature

3.4.1. Map and Street View

One of the most exciting features of Sotravel is the map view. You can toggle between map view and street view to get a better sense of your surroundings during your trip.

3.4.2. Viewing Friends' Locations

Want to know where your friends are during the trip? The map view has got you covered! When you're in the same trip as your friends, their locations will be displayed on the map, making it easy to stay connected and plan meetups.

4. Troubleshooting

If you run into any issues while using Sotravel, don't worry – we're here to help! Just shoot us an email at support@sotravel.com, and our friendly support team will assist you.

5. Conclusion

We hope this user manual helps you get the most out of the Sotravel app. Enjoy exploring new places, sharing experiences, and staying connected with your friends throughout your journeys. Have a great time, and happy travels!
